

# WeMo SWITCH

The smartphone home remote.

**The WeMo Switch** works with the (free) WeMo smartphone app so you can turn electronics on or off from anywhere. A lamp, a fan, a heater, curling iron, stereo, you name it. You can turn your home electronic devices on or off, you can even put them on a schedule from anywhere. WeMo uses your home Wi-Fi® network, and also operates over mobile Internet—so you can even control things while you're away. WeMo is completely modular, allowing you to control as much or as little of your house as you like. It works on mobile iOS (v5 or higher) devices like the iPhone, iPad, and iPod touch. WeMo is your home at your fingertips.
