UNIVERSAL BLUETOOTH<sup>®</sup> IN-CAR HEADSET

## Motorola Universal Bluetooth<sup>®</sup> In-Car Headset H620

Highway noise and revving engines are no match for the Motorola H620. It makes calls from your car clearer by reducing road noise and canceling echoes. A rapid car charger is included to power up on the go, and the dashboard headset holder keeps the H620 within reach. It's an incredible value with premium features to enhance sound so you can be heard, even above the road noise.

## PAIRING INSTRUCTIONS

### Step A – Ensure Headset is in Pairing Mode

Power on headset by sliding the call button towards the microphone to initiate pairing. After a few moments, the indicator light will be steadily lit in blue to indicate headset is in pairing mode.

### Step B – Set Your Phone to Look for Your Headset

For most Motorola phones:

1. On your Motorola phone: Select **Menu > Settings > Connection > Bluetooth Link > Hands Free > Look for Devices**. The phone lists *Bluetooth* devices it finds.
2. Select **Motorola H620** from the list of *Bluetooth* devices found and press **OK** or **Yes**.
3. Enter the passkey **0000** when prompted and press **OK**.

When your headset successfully pairs and connects with your phone, the indicator light changes from steadily lit to flashing blue.

## UNIVERSAL COMPATIBILITY

Tested to work with over 200 compatible *Bluetooth*® enabled phones from over 15 brands such as Motorola, Nokia, Samsung, Sony-Ericsson and LG.
