# The Wireless Bulletin

VOLUME 1 ISSUE 1 FEBRUARY 2008

With new mobile devices and accessories introduced every day, your success, more than ever, depends on getting a first-to-market advantage in order to exceed the needs of your discerning customers.

That's why TESSCO brings you The Wireless Bulletin for AT&T Dealers, the first in a series of dynamic and easy-to-use, bimonthly updates that feature what's new and what's next in AT&T mobile devices, the most popular complementing accessories, and the value-added services that TESSCO delivers to ensure your success.

Our team is committed to your wireless success. Nothing less. That's why we're pleased to offer you this bulletin, exclusive to AT&T Dealers like you, as yet another example of how we're helping you get wireless right. Reflecting a refined collection of must-have products from TESSCO's total source AT&T offering, this bulletin will effectively and frequently offer you valuable access to everything you need and everything you need to know:

- Highlights of our quality-engineered, high-performing, AT&T-approved product collection, from Bluetooth technology to car chargers, travel chargers, holsters, cases, earbud headsets, and more.
- The best-selling mobile devices and accessories that are as sleek and stylish as they are sophisticated and innovative.
- Quality services and reliable solutions such as customized merchandising systems to help expand your reach into the consumer market, drive accessory sales, profits, and improve customer satisfaction.

When you do business with TESSCO, you can rely on us to support you with the broadest and most in-depth product offering in the industry, a diverse range of expertise and training services, backed by unparalleled product availability, guaranteed delivery and a simplified ordering process.

We look forward to improving the way you do business.

# Sound Performance Counts

## Plantronics Expands Award-Winning Voyager Headset Line

The Voyager 500 series headsets offer innovative noise-reduction features that minimize distracting wind and background noise so callers hear you—not your surroundings.

The 800 series offers Plantronics AudioIQ® two-way noise reduction technology for enhanced sound on both sides of the call.

Plantronics Voyager series headsets support Multipoint technology for connecting two Bluetooth audio sources or, like the Voyager 855, for switching between calls and music listening.

Whether you are speaking or listening—sound quality counts and Voyager headsets deliver.
